DEVIL M / PRESSKIT

BIOGRAPHY

Devil M is an industrial metal band headquartered in Bremen, Germany. Hailing from different regions of Germany and Austria, the quartet consists of Astharat (vocals and founding member), Rotny (bass/e-guitar since 2016), Vøid (e-guitar since 2016) and Tim Grögor (drums since 2026).

In 2019 they changed labels and left darkTunes Music Group and announced their signing to Danse Macabre Records.

The industrial metalheads inspire with their penchant for experimental concepts when it comes to albums, stage design, music videos, performance and songs. Their sound is always massively oppressive, coupled with ambient elements that provide a dramatic overtone and creates a very unique atmosphere for the listener.

External influences seem to be chaotic but the artists' guiding ideas and visions run like a red thread through all aspects of the band. In 2006 Devil M was founded by singer and songwriter Astharat Proditor. Mid 2007, already started collaborations on films like "Die at Dawn". Big musical influences at the time were acts like David Bowie, Marilyn Manson, Nine Inch Nails and Psyclon Nine.

Formerly active in the band were drummer Joscha Radaj (2019–2026), drummer Julian Hemken (2011–2018), bassist Jonathan Meyer (2012–2015), guitarist Lars Everwien (2012–2015) and keyboardist Sonja Langenfeld (2012–2015).

Devil M offers a lot for the ears and also for the eyes. The artwork and designs for all four concept albums comes from Astharats hand, "Revenge of the Antichrist" (2014), "Hollow Earth" (2016), "Astharat" (2019) and "Titanomachie" (2025).

So far, five official music videos have been released, "Astharat" (2012), "Siddhartha Gautama" (2014), "Human Being" (2017), "Savior Self" (2018), "Komplex" (2025) and three official lyric videos "Hollow Earth" (2017), "Marilyn Medusa" (2020) and "Olympus Ardet" (2025).

Devil M were mentioned in well-known scene publications like Legacy, Orkus, Sonic Seducer, Spy, Zillo and were guests e.g. at CT das Radio, Hellentertainment and Radio Hazzard of Darkness. The band has received acclaim from various album and concert reviewers. Never afraid of the limelight, the group has played concerts all over Germany and beyond the borders

of Germany in Czech Republic, the Netherlands, Switzerland and Finnland. They supported bands like Psyclon Nine, Rabia Sorda and Grendel.

The band is no stranger to well-known festivals such as Wave-Gotik-Treffen, Stella Nomine and Helsinki Industrial Festival. Inspired by industrial metal bands like Nine Inch Nails and 3Teeth, Devil M started a tradition of remix albums beginning

with "Inauguration of the Inner Third" (2017) and followed by "Embryogötter" (2020) and "Titanomachie The Remixes" (2026).

The albums remixed by friends and other musical partners in crime. The act are looking forward to continuing with these unique musical collaborations going forward.

REVIEWS

„Da werden die Screams oft zu einem weiteren Klang mittel, dass die düstere erdrückende Soundlandschaft weiter verdichtet unter apokalyptischen Gesamtstimmung beiträgt.“

Orkus! 2/2026 | <https://www.orkus-shop.de/p/orkus-edition-dezember-januar-2026-mit-kalender-2026>

„Die Komplexität der Sounds und Strukturen mit der „Titanomachie“ aufwartet sprengt zwar sämtliche Referenzkader, doch hinterlässt in den verursachten Trümmern eine faszinierende Art immersiver Energie: zur Rekonstruktion, zur Durchdringung zur Horizonterweiterung.“

Sonic Seducer 11-2025 | <https://sonic-seducer.de/online-shop/sonic-seducer/ausgaben-2025/sonic-seducer-11-2025-divine-art-kalender-2026-white-lies/>

"This is an ambitious album in its storytelling, a hybrid monster where human emotions are grafted onto divine excess... but above all, it is biting industrial metal that will appeal to fans of tormented and theatrical universes."

VerdamMnis Magazine | <https://www.verdammnis.com/reviews/devil-m-titanomachie-english-version>

"Titanomachie combines the band's trademark guitar-driven industrial metal with electronic textures and soundtrack-style ambience."

Silde-Line Mag | <https://www.side-line.com/devil-m-titanomachie-greek-myth-album/>

"The result is a striking work of art – an album that cements Titanomachie as one of Devil-M's most powerful statements to date. Cinematic, suffocating, and unforgettable: Devil-M's Titanomachie drags you into the abyss"

Terra Relicta | <https://terrarelicta.com/publications/reviews/devil-m-titanomachie-2025>

„Und trotzdem geht bei den Auftritten der 21 Bands teilweise richtig die Post ab – wie am Samstagnachmittag beim Gig von Devil M. Die Jungs aus Bremen hatten auf ihrer Homepage versprochen, dass die Bühne brennt, wenn sie nach Torgau kommen. Und so ähnlich mutet es dann auch an: Die Nebelmaschine läuft auf Hochtouren. Es gibt ordentlich auf die Ohren. Das Publikum feiert und geht mit. Stimmung und Ekstase pur.“
